

# Developmental Medicine & Child Neurology

## Volume 26 1984

### INDEX

*Authors and subjects of articles in the body of the journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.*

#### KEYS TO ISSUES AND PAGES

Issue	Pages	Issue	Pages
No. 1	1-140	No. 4	423-566
No. 2	141-280	No. 5	567-706
No. 3	281-422	No. 6	707-848

ABE, K., ODA, N. and AMATOMI, M.: Natural history and predictive significance of head-banging, head-rolling and breath-holding spells, 644

Abused children, development, 649  
preschoolers, behavioural and cognitive deficits (abstr.), 846

ACCARDO, P. J. *See* CAPUTE, A. J., 375

Acetylcholine receptor antibodies in 17 newborn infants of myasthenic mothers (abstr.), 277

Achilles tendon lengthening in children with cerebral palsy, evaluation, 208

ACKROYD, R. S.: Cortical blindness following bacterial meningitis: a case report with reassessment of prognosis and aetiology, 227

Acoustic reaction time in normal children, development, 490

ACTH vs prednisolone therapy in infantile spasms (abstr.), 702

ADINOLFI, M. and BROWN, S.: Strategies for the correction of enzymatic deficiencies in patients with mucopolysaccharidoses, 404

Adolescents

autistic children, 125  
development, abnormal, cognitive and neuro-psychological tests (abstr.), 276  
older, with dyslexia, neurological and neuro-psychological deficiencies, 765

Adults with cerebral palsy, 674

Age, influence on aggressive conduct disorder (abstr.), 421

relationship with auditory brainstem transmission time, mathematical expression of, 461

Aggressive conduct disorder: influence of social class, sex and age (abstr.), 421

AKBARNIA, B. A. *See* LONSTEIN, J. E., 138

Alcohol abuse, maternal  
neonatal habituation assessed with the Brazelton scale (abstracts), 561

prolonged effects on neonatal EEG (abstr.), 846

ALLANSON, J. E., MCGILLIVRAY, B. C., HALL, J. G., SHAW, D. and KALOUSEK, D. K.: Cytogenetic findings in over 2000 amniocenteses (abstr.), 560

AMATOMI, M. *See* ABE, K., 644

American Academy for Cerebral Palsy and Developmental Medicine, Annual Meeting, Chicago, 1983 (abstr.), 236

Amniocenteses, 2000, cytogenetic findings in (abstr.), 560

ANDERSEN, K., STARCK, L., ROSÉN, I. and SVENSSON, E.: The development of simple acoustic reaction time in normal children, 490

ANDERSON, D. W. *See* HAERER, A. F., 195

ANDO, K. *See* YOSHIDA, N., 702

ANDOLFI, M. *See* PALUDETTO, R., 347

Anaesthetic exposure, prenatal, effect on neonatal preference for visual patterns, 476

ANNETT, M. and KILSHAW, D.: Lateral preference and skill in dyslexia: implications of the right shift theory (abstr.), 845

#### ANNOTATIONS

Autistic children growing up: problems during puberty and adolescence, 125

Cerebral palsy—where have all the children gone?—the needs of adults, 674

Computerized axial tomography for developmental problems of the hip, 234

Dislocation in Down's syndrome, 122

EEG monitoring, intensive, in paediatrics, 231

*Annotations, cont.*

- Epilepsy, when not to treat with drugs, 823  
 Fetal neurosurgery—a new challenge on the horizon, 827  
 Food sensitivity and headache recurrence, 542
